VDMA: International Rotating Equipment Conference 2019 – Booth-booking has started

Frankfurt, 21 August 2018 – Companies can already book online their booths for the exhibition at the „International Rotating Equipment Conference – Pumps, Compressors and Vacuum Technology“ 2019. The conference will be held on 24 and 25 September 2019 in Wiesbaden. With around 750 participants from over 30 countries (2016) and about 700 sqm exhibition, the event is with regard to size and internationalization the “World’s No. 1” for pumps, compressors and vacuum technology. Participants appreciate the presentations about current technical developments, the exchange between manufacturers and users as well as the unique network.

„As we will give out the booths according to the “first come – first served” principle, we recommend to book a booth at an early stage“, informs Christoph Singrün, Managing Director at VDMA Pumps + Systems as well as Compressors, Compressed Air and Vacuum Technology. “In general the best booths will be taken soon.”

Further information about the booth sizes available, the exhibition and the conference is available at: <http://www.introequipcon.com>.
